Mrs H. H. H. H.

Foreword

As our last year of High School draws to a close, we, the Seniors of 1936 wish to thank our teachers and the patrons of District No. 6 for their careful guidance through the past years.

If, in future years, the turning of these pages will bring back the smiles and tears of our school days, the effort of the staff and class will be amply repaid.

GERTRUDE ROYAL STEEN
1902—1936

DEDICATION

In loving memory of her kindness and patience in our early years, and in admiration of her splendid qualities of womanhood, we, the Class of 1936, dedicate this edition of the Fleur de Lys to our first teacher, the late Gertrude Royal Steen.

A Tribute to the Teachers

Shelby High School is dear to us,
And as we're leaving it this year
We assure you truly that we'll miss
The steadfast friends that we've had here.

The faculty, the Sophomores,
The Freshmen are included, too,
The Juniors, who will take our place
And head the school, as Seniors do.

The teachers, each and all, have done
Their part to help us play the game,
To do our work, to join the throng
Who face the world with high-held aim.

Inspiring our work toward higher goals
Is Mr. DeJonge of character high,
And Withenbury, a friend to us all,
Who inspires within us a zeal to try.

Of the other four men of the faculty group
There's Henderson first, in the grades all the day,
Then Hukill and Greene, both favorites here,
And Tillotson, who coaches the boys at their play.

Miss Wylie, Miss Shaffer, Miss Dickie, Miss Doub,
Teaching classes this year we daily have seen,
Then Miss Rottschaefer also is following on,
As S. G. A. advisor we crown her a queen.

And then in the various grades will be found
Miss Killmer, Miss Seelig, Miss Hook, who all please,
As does McKinlay, the coach of the girls who like sports,
And Miss Hawley who teaches the Glee Clubs with ease.

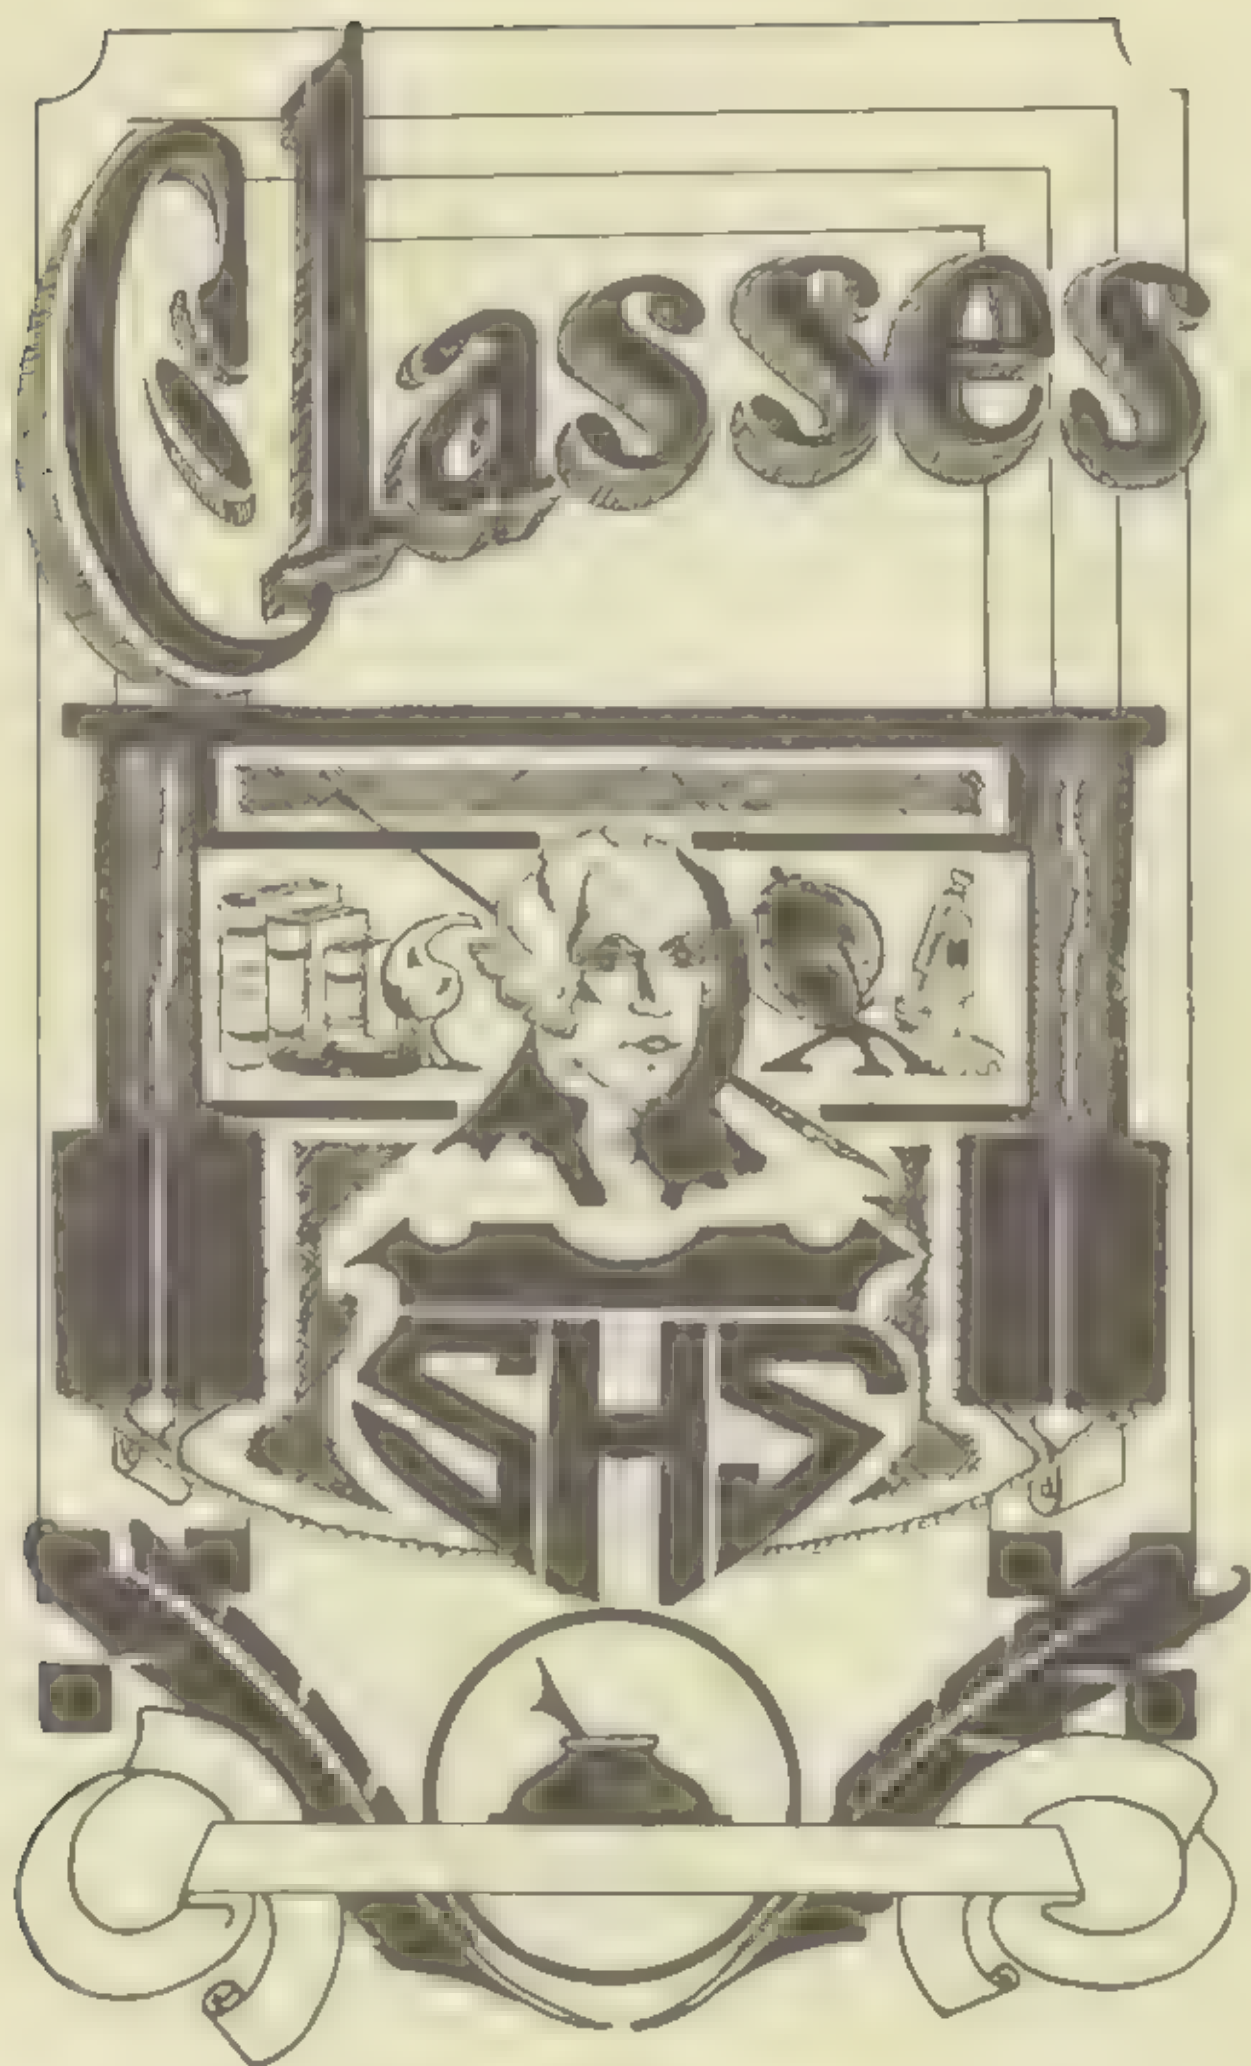

There is one not classed with the faculty group,
Perhaps I should tell you and not make you guess,
Our office girl, Marian, a friend to us all,
The type of friend that we all like the best.

Some others not found in the faculty group,
Are the school board members whose help in the past
We duly appreciate and now thank them, too,
Their aid is not least though they're listed as last.

One thing we shall cherish through all our days
Old Shelby High gave us—a spirit that strives
For the highest and best in our work and our sport
This shall be with us throughout all our lives.

Class History

When we, the class of 1936, met to begin our first flight together in September, 1932, we hardly realized what the ensuing four years held in store for us. As we took off we chose Miss Dickie to guide us through the fog. Richard Kroll took the controls as our pilot with Robert Ferris at his side. Jo Baun carefully listened for calls and signals and Mary Read kept the metal on the plane shining brightly.

Our first party was held the first week in November. We had a potluck supper in the control room. Afterward we danced and played games. It rained hard, but we had a delightful time, nevertheless, and Miss Dickie escorted as many of us to our homes as was possible. We were on the lookout constantly for some of our upper classmen who had threatened to initiate us.

In the fall the six grades in the studyhall took part in the presidential election. In the back of the room booths were set up and an honor student from each class was chosen to preside over the election. Alberta Royal was chosen from our class.

On March 31, a group of 135, including high school faculty, and board of directors, were entertained by the Sophomores at a party held in the gym. They called it the "Moonlight Mingle." It was the first party of that kind held in our school and it proved to be a grand success.

Our first year ended in May, 1933. We had planned a picnic to be held at Stony Lake but we were disappointed by a downpour which lasted until mid-afternoon. However, tables were set up in the gym and we had our lunch there. With very few tears we landed our ship for three months of play in the sunshine.

Again in September our enthusiastic group, now Sophomores, climbed aboard our plane under the eagle eyes of Mr. Hukill. Alberta Royal promised us a safe and sound trip with James Ensign as her helper. John Near and Dorothy Kelly took their places as Secretary and Treasurer.

Our first stop was on November 8, when we entertained by giving the first party of the year. We called it "Hallowe'en Haven," and our decorations and the program carried out the effect.

In the fall of 1933 the band and orchestra were organized under the direction of Mr. Louis F. Peterson of Chicago, whom we know for his excellent work in this field.

After exams were over we packed our lunch baskets, climbed out of our plane at Peetwater and had a joyous time. It was warm enough to go swimming so many donned their suits and vowed not to take them off again for three months.

When we took off from Junior field in the fall of '34, we were much more accomplished in the art of flying. This time we were carefully guided by Mr. Greene. We chose Mary Read for our pilot, and Jo Baun for co-pilot. Stanley Burson was our Secretary and Richard Kroll our Treasurer.

Our class was made somewhat larger by a group entering from outside schools.

On December 14 we entertained the high school by giving a party called the "Evergreen Dance." We gave a radio broadcast for our program.

Our Junior Play, "Mamma's Baby Boy," was well attended on March 22.

The High School Operetta, "Tune In," given April 5, was also a success.

We left our airship once more for summer vacation, hoping to come back again after three months to take our places as "dignified" Seniors.

We again boarded our ship for the last lap of our journey on September 4, 1935. We chose Mr. Withenbury to help us make this last year our best. Winston Lewis took the controls and John Achterhof was elected Chief Mechanic, Dorothy Kelly, Secretary, and Mildred Tracy, Treasurer.

We were glad to receive the high school news in the first edition of the S. G. A.'s "Spotlight" on October 11.

We interrupted our journey two days to present the play, "Kid Colby," on November 28 and 29. It was a grand success.

The S. G. A. put on a very good comedy called the "Wild Oats Boy" on March 18.

Two days later we entertained the other classes by giving a party called the "Springtime Frolic."

Perhaps the biggest event of all took place on April 30 when we skipped off to Ann Arbor to spend the day. We stopped off at Grand Rapids to eat our breakfast and then journeyed on. We arrived at our destination about noon. We had a delightful time—different groups returning at all times. However, most of us got back in time to attend the Freshman Party given May 1.

Later all the girls took parachutes and landed near Stony Lake where we spent the week end. The fellows followed our example and landed too, to spend Saturday evening with us.

As our trip drew to an end, the Juniors gave us a royal banquet. The gym was beautifully decorated in the Senior colors, blue and silver, with their flowers, American Beauty Roses, on the tables.

We leave our plane of Education with sad hearts, but with our motto, "Our Ideals are near the stars," we are sure we will land our planes in the field of Success.

Class Prophecy

As we, the prophets, look searchingly into the magic crystal globe, the years swiftly drop by—until suddenly 1946 looms up.

What has happened to all our classmates of 1936? Where are they? What have they been doing since their graduation from Shelby High School?

These questions, and many others concerning our classmates keep running through our minds. Therefore by untiring patience and divine inspiration, we glean how our classmates fare in their ways of life in the year 1946—just ten years after our separation.

We find that John Achterhof, after experience in the stock market the past few years, has become a broker in New York City.

Forrest Acker has at last realized his ambition and after years of training has become Lieutenant of the U. S. Navy Corps at Annapolis.

We see Gerrit Adema, the well-known hunter and trapper, preparing to make an expedition into Northern Canada.

William Amea, formerly called Bill, has given up his position as dancing teacher in a private school in Chicago. He has made a contract with a picture corporation in Hollywood. They expect him to become a second Fred Astaire before many months.

Ellen Babinec, the famous lecturer, is touring the United States giving talks on "Governmental Problems of the Day."

Josephine Baun, who was the first aviatrix to fly around the world in a non-stop flight, has returned to join up with Paul Whiteman, Jr. and his orchestra. We wonder if Jo has been able to solve any of the radio's unexplainable electrical phenomena.

Jesse Beckman is now football coach at Notre Dame.

We find Thomas Blackaby a famous motion picture producer in Hollywood. We hear he has just completed a very successful year.

Fred Dawson never did care for the big city, so he bought a farm and has become a very successful and prosperous farmer.

Max Dekker, after completing a theological course, was placed in charge of a large Wesleyan church in Chicago.

Theron Eichelbarger, the noted movie star, has returned to Hollywood. He has spent the last few months touring Europe.

James Ensign has married the farmer's daughter. He makes hay while the sun shines and sows wild oats while the moon shines.

Remember how good Esther Fox used to be in shorthand? She has the position of secretary to the president of the Ford Motor Company.

Lera Griffith has achieved an honor never before held by a woman. She has been appointed ambassador to France.

Lester Hansen, the celebrated fruit grower of Western Michigan, has just purchased himself a fleet of trucks to go with his business.

Donald Henrickson has held the position of janitor in the Senate building for several years.

SHELBY HIGH SCHOOL FLEUR DE LYS

Carl Johnson lives on a farm west of Shelby. He is still a bachelor living on pork and beans and sardines.

Kathryn Johnson has the position as helper to one of the leading specialists in the University hospital at Ann Arbor.

Leitha Kelly has the position of kindergarten teacher in the Shelby Public Schools.

Ralph Kemink, returning from the literary game in the Ballyhoo, has dedicated his life to missionary work in China.

Richard Kroll is a professor of Science at Harvard University.

Winston Lewis is now practicing dentistry in Baltimore and from reports is doing a big business.

Fredrick Lound was recently appointed mechanical instructor at West Point Military Academy.

Ina Morse and Harold Wilson are married and living on a farm in Brazil, ruling nuts. No cracks.

Alta Mosebke and her husband are now touring the world on their honeymoon.

Roger Mathews has the position of United Fruit representative. Don't be surprised if he knocks at your door some fine day.

John Neer, our expert fisherman, is now enjoying a quiet but pleasant life at Isle Royale.

Mildred Neer has given her life for a career. She is "Portia" in a new version of Shakespeare's play, "Merchant of Venice."

LaVerne Oberlin is now in the Senate debating on Child Labor.

Mary Read has taken over the responsibility of the editor-in-chief of the Chicago Tribune.

Norma Roth owns and operates a beauty shop in Chicago.

Albert Royal, whose play was so markedly shown in the 1936 publication of the Fleur de Lys, has a position as president of an Amford company, turning out for \$25,000 per year.

Ella Rumaht is teaching in a deaf and dumb school. She is doing it to save her voice.

Edward Sanford has accepted the call of the wild and at the present is in the land of Africa looking for various lions, wild cats and tigers. In his last land he killed forty lions single handed without the use of fire arms.

You can always find Wayne Snellman, business manager of Marshall Field, enjoying an afternoon asleep at his desk.

Arthur Stevens is now a famous trainer for boxers.

Senator Kenneth Stevens is to speak tonight on the topic, "How we overcame the Depression."

Louise Sturtevant is now president of the W. C. T. U. She is trying to get the eighteenth amendment constitutional again.

Archie Swarvar is in Paris studying art. His work is already being recognized by Europe's leading artists.

Carl TenBrink has been ordained the champion cherry picker of the Middle West due to his ability to pick cherries without the use of a ladder. He is now in New York superintending a school on "How to Grow Tall."

Mildred Tracy married Freddie Rowman the summer after graduation and they are now living on a ranch in Texas raising kids. (Little goats, we mean.)

Kenneth VanderVen was recently appointed base ball coach of Purdue.

Max Van Arman is a radio announcer over W. J. R. He also does a bit of vocalizing. Tune in to W. J. R. in your leisure time.

Ellen Wiekstra is now planning to retire from the position as secretary of the General Electric Co. to take over a job as private secretary to the president.

Della Zandt is assistant principal in the Central High School at Madison, Wisconsin.

As our vision fades from the crystal globe, we congratulate our classmates on their successful careers.

Class Will

The hour is fast approaching when we, the class of 1936, shall be but a memory to those who remain to carry on. Being of unsound mind and body, but of superior intelligence, and being about to depart henceforth out of this high school life, do declare this our last will and testament.

We of the Senior Class will to our unworthy inferiors, the Juniors, our brilliant minds, which have enabled us to graduate.

To the Sophomores we will our intelligence and ability to bluff.

To the Freshmen we will our ability to graduate.

I, John Achterhof, will to Leo Baker a worn-out pair of my 14½ shoes.

I, Forrest Acker, will my golden silence to Bud Ferris.

I, Gerrit Adema, will my ability to stay home nights to Harold Wilson.

I, William Ames, will my ability to be late to Floyd Fox.

I, Ellen Babinec, will my ability to learn to Edna Kragor.

I, Josephine Baum, will my boy friends at Ludington to Jenn Whitsell, as I will not be here to take up their time.

I, Jesse Beckman, will my modesty and shyness to Max Morningstar.

I, Thomas Blackaby, will my ability to handle Freshmen to Alby Rumohr.

I, Fred Dawson, am very sad but generous in offering my beautiful blush to Charles Harrison.

I, Max Dekker, will my stand-in with Hukill to Enid Whitehead.

I, Theron Eichelbarger, will my curling iron to Robert Aardema.

I, James Ensign, will my old corn-cob pipe to Ward Toner.

I, Esther Fox, will my dish washing ability to Marion Marx.

I, Lera Griffith, will my graceful walk to Angie Vannette.

I, Lester Hansen, will my smile and pleasing personality to Cornelia Wade.

I, Donald Henriksen, will my innocent appearance to John Hiddema.

I, Carl Johnson, will my affectionate nature to Mamie Studer.

I, Kathryn Johnson, will my ability to study to Ralph Haken.

I, Jack Jones, will my ~~uncovered~~ friend to Huckle Yanga.

I, Richard Kroll, will one of my dictionaries to Martha Forbear.

I, Winston Lewis, will to the coming Senior President all my official duties and my gavel to keep order.

Tune: "Penn State Fight Song"

Fight! Fight! Fight!
 For purple and white.

 Dear Shelby High, fairest of all.
 Thy loyal sons will obey thy call
 To fight! Fight! Fight!

 Ever the goal to gain:
 Into the game for Shelby's fame,
 Fight on to victory.

Why I Should Buy a School Annual

Most of the pleasure of life is based on our present circumstance, but only one short day and our present becomes our past.

The memories of the past have been the cause of many a pleasant moment and fleeting day dream.

Everywhere about us we see how mankind seeks to recall the past which was once the present.

Observe the American dollar bill. Upon its face is the imprint of Washington, the Father of our Country. Turn to the five dollar bill, you see the imprint of the great Emancipator. Turn the bill over and you see Lincoln Memorial, the greatest single contribution ever built in memory of one man.

Recall the printed page how the present will be preserved for the future. As High School students our present must be recorded in a small way that those who follow may benefit by our experience.

We cannot build monuments in our memory, but the School Annual affords the greatest single means of recording our experience.

It is first of all a permanent record, securely bound and beautifully printed. It records the imprint of those whom we have learned to appreciate and whose photos we prize.

The School Annual records the happenings and experiences of one large happy family, the memory of which we shall always cherish.

High School is often the turning point in our lives. Many important decisions are made during this time, and who of you dare forget?

The School Annual becomes our reference book, and as we grow older we turn its pages to recall how Smith and Brown were always together, but time has made one a cook and the other a secretary.

The Annual becomes a pastime as we sit by the fireside and relate to our children the things their Dad and Mother did.

This book of memories will be used as a guide book for our sons and daughters. It will inspire them because of our accomplishments.

My motto is, "An Annual for every Student."

—Angie Vannette.

Girls' Basketball

With three veterans back from the previous year and an able Coach, Miss McKinlay, and manager, Lera Griffith, the girls have had a very successful year.

The forward positions were played by Alberta Royal, Jean Whitsell and Thelma Green, who were sure shots at the basket. Jo Bann, Mary Read and Dorothy Retzey at guard positions were hard to beat. Hazel Rider was outstanding as our jump center. Robin Heer at running center was adept at overhead passing.

We had won 13 consecutive games when Muskegon Senior High defeated us. They were the ones who gave us the only defeat in the 1934 season.

We are proud of our record and will feel the loss of three veterans next year. Name: Alberta Royal, Jo Bann, Mary Read.

1935 and 1936 District Tournaments

On March 6, 7 and 8, 1935, the annual District Basket ball Tournament was held in Shelby with competitors in Classes C and D. The Class C title was won by Scottville who presented a smooth working aggregation, and the Class D title was won by Custer, who also had an exceptional squad. Hart and Pentwater were the runners-up. The attendance was large and the tournament was a financial success.

The 1936 tournament was played on the evenings of March 5, 6 and 7 in the Shelby school gymnasium, with four teams competing in Class D and six teams competing in Class C. Whitehall won the Class D finals by upsetting Custer, the defending champion. Scottville again won the Class C finals. This tournament entertained the largest crowd ever to assemble in the Shelby gymnasium which made the undertaking an unqualified success.

Class Poem

Four years ago we were Freshmen,
Our high school days had begun.
Our graduation seemed far away
But an object of height when won.
As Freshmen, we envied the Seniors,
And it seemed it forever would be
Until Sophomores we were christened,
We were Freshmen no longer, you see.
This was one step toward our graduation,
We began to enjoy all the fun
Then as Juniors we felt quite important
For by each there was much to be done.
Three years had flown by very quickly,
Then at last our promotion received,
Our goal was obtained, we were Seniors,
We were Seniors, the class in the lead.
That year is the one in our mem'ry
To be found uppermost all the time,
And our four years at Shelby will always
Be of memories noble and fine.

Now, although we're graduating,
We're leaving much behind,
We're leaving all our high school friends,
Students and teachers kind,
We're under obligations
To Shelby High School days,
Here we received our greatest help
To speed us on our ways,
'Twas here we started out to gain
Our knowledge that through life
Would help us solve our problems,
And contend with daily strife.
So, for the past four years
We want to thank you one and all,
For with your aid we've started out
To answer our life's call.
We're leaving Shelby High School,
We're leaving friends so kind,
And though we're graduating
The best is left behind.

But in the years to come we'll dream—
Each member of this class—
Of our Senior year at Shelby school,
A year that's in the past.
With memories fond of classmates, then
We'll wonder where they've gone,
What things they've done, what places seen,
What honors they have won.
We'll wonder if the members
Of this class, both near and far,
Have cherished the motto that we chose—
"Our ideals are near the stars."
This motto which before us stands
Is ours, to guide us on.
We'll hold it high, that in future years
We shall have tried—and won.

An Inspiration to All Graduates

Q THERE is still no other country on earth which offers to the average man or woman as America does, the personal freedom, the right to own property, the rewards of individual effort and thrift; the comforts, luxuries and enjoyments of life; the hope which even the less fortunate may feel that there will be ways to climb out of their difficulties if they persevere.

Let the thought be an inspiration to each of you in your efforts to achieve personal security and independence.

JEWELERS TO THE SHELBY HIGH SCHOOL

While riding through the moon-lit country-side, Tony Paton said to Bill Ames:
"Bill, I'm going to scare you!" She kissed him. Then she said coyly: "Now you
scare me."

"Boo!" replied Bill obligingly.

Theron E. (Twice nicked by the barber's razor): "Hey, barber, gimme a glass
water!"

Barber: "Why, what's wrong, hair in your mouth?"

Theron E.: "No, I wanna see if my neck leaks."

Bud F.: "Oh, there you are. Where have you been during the last three dances?"

Mac Bowman: "Percy was showing me some new steps."

Bud: "Were they very hard?"

Mac: "No, we took some cushions along."

EFFICIENT OFFICE HELP

is always in demand; even in depression times, good office help is hard to find. Eighteen Howell Trained young men and young women went to work in permanent positions during March.

WHEN YOU THINK OF BUSINESS TRAINING, think only of business schools that are approved by the State Department of Public Instruction, and that are members of the Michigan Business Schools Association.

YOUNG PEOPLE, DON'T BE MISLED! When you are approached by any representative of ANY correspondence or business school, consult your local High School Superintendent, Principal, or Teachers. They are in a position to advise you as to whether or not the school is APPROVED BY THE STATE DEPARTMENT OF PUBLIC INSTRUCTION.

FOR FIFTY YEARS, HOWELL'S SCHOOL OF BUSINESS HAS SERVED WESTERN MICHIGAN. HOWELL'S HAS THE HIGHEST RATING THAT ANY BUSINESS COLLEGE CAN OBTAIN. IT IS NOT NECESSARY TO GO FARTHER THAN HOWELL'S IN MUSKEGON TO GET THE BEST BUSINESS TRAINING AVAILABLE.
